REQUEST FOR BIOSTATISTICAL SUPPORT

To request support from the Biostatistics Shared Resource, please complete this form and submit to Dr. Edward J. Bedrick (ebedrick@salud.unm.edu) or fax to (505) 272-2570; if you fax your request, please email him to alert him that he will be receiving your fax). Your request will be promptly reviewed and we will schedule a meeting to discuss your project, including outlining how and when the resource can assist you.

Guidelines for working with the Biostatistics Shared Resource:

Prior to completing the form below, please review the guidelines for working with the BSR:

- Although the purpose of the BSR is to provide support to Cancer Center members, the preferred mode of interaction is through productive collaborations in which biostatistics faculty become long-term collaborators within research teams, with funding from grants.
- Please provide sufficient lead time. Examples of time guidelines are:
  - Grant submission with basic statistical support: 1 month
  - Grant submission with major statistical collaboration: 3 months
  - Grant submission with multiple projects: 4 months
  - Letter of support for grant: 1 week

Project Request Form:

Research team:
- Principal investigator:
  - Name:
  - E-mail:
  - Phone:
  - Are you a Cancer Center member? Y/N
- List all other collaborators on this project:

Research project background:
- Title:
- Provide a brief (up to one paragraph) summary of the research project:

- Describe the planned end product (for example, grant submission, manuscript):
- Provide a brief (up to one paragraph) summary of your biostatistical request:

Timing and funding
- Is this request in support of a funded grant? Y/N
- If yes, then please provide the grant title, number, PI and PI’s contact information.

- Do you have deadlines? Y/N
- If so, please state dates and activity. Please note the time guidelines provided above.
