Pre-Conference Workshop:

Hepatitis C Update

May 1, 2015
Annual New Mexico HIV Update Conference
Albuquerque Marriott | 2101 Louisiana Blvd NE | Albuquerque NM

Presented by:
New Mexico AIDS Education and Training Center and Continuing Medical Education & Professional Development
NEW MEXICO ANNUAL HIV & HCV UPDATE CONFERENCE

The Annual New Mexico HIV Conference is the only HIV update conference in New Mexico. Local, regional and national experts in HIV will cover clinical and socioeconomic topics in this one-day training. The conference is an opportunity for providers to gain access to relevant information and to network with statewide and national experts in HIV care.

Objectives:
1. Identify first line HIV medication regimens and recognize how a regimen is selected.
2. Select appropriate patients for HIV PrEP and identify what monitoring is required.
3. Develop potential solutions to problems with retention in care for patients with HIV.

The Pre-Conference Workshop on HCV Update will educate and focus on Hepatitis C Epidemiology in New Mexico, treatments, and discuss patient cases with regional and local experts. The New Mexico HCV Coalition will be on hand to discuss its mission in developing and implementing the comprehensive statewide plan to decrease the incidence of Hepatitis C infection.

Objectives:
1. Identify who should be screened for HCV and correctly interpret screening results.
2. Identify the appropriate HCV medication regimens to select for patients with chronic HCV.
